The Mount Nelson offers an exciting culinary experience with a wine pairing. As each course is presented, the chef who made it gives a brief explanation of how it was prepared before a friendly and knowledgeable sommelier selects the perfect wine to compliment the meal.

Joining us tonight is Christo Brand and his wife, Estelle. Christo was assigned to Robben Island in 1979 to guard Nelson Mandela and his fellow revolutionaries. He and Mandela should have become bitter enemies. Instead, they formed an extraordinary and lasting friendship. We are in for a real treat as Christo gives a personal account of the friendship between a prison warden and a prisoner serving a life sentence.

BUSH LODGE, AMAKHALA GAME RESERVE

In: Jun 6 2027 | Out: Jun 11 2027

5 nights

A 5-STAR GAME EXPERIENCE: Steeped in history, Amakhala Game Reserve was once inhabited by frontier settlers who arrived in the area in the early 19th century. Today, it plays host to the Big 5 and has several game lodges still owned by the same families of the original settlers. The five-star Bush Lodge, your home for the next five nights, has prime positioning overlooking a waterhole and promises superb wildlife viewing opportunities paired with excellent service and world-class dining. Evenings are spent around the outdoor fireplace admiring the unspoiled African starscape.

Each of the lodge's suites have their own secluded viewing deck and plunge pool, while the interior and en-suite bathroom boast a fireplace, oval bath, al fresco double showers and air conditioning. Luxury and privacy await, along with a warm welcome from owners Rod and Tracy Weeks.

Afternoon tea will be served at 3:30 PM and we will then depart on our first game drive, accompanied by the traditional South African Sundowner. Dinners will be at 7:30 PM.

Days 5 to 9

Mon, June 7 to Fri, June 11

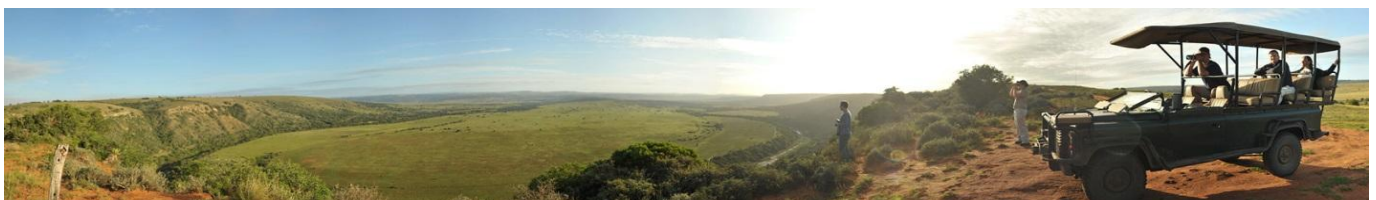

A UNIQUE WILDLIFE EXPERIENCE: The itinerary for Amakhala will be flexible because specific animal procedures are only scheduled a week or two in advance (unless there is an emergency procedure).

Over the four full days at Amakhala we plan to do the following:

- Daily game drives (both sunrise and sunset departure) with either hot drinks and biscuits or sundowners and snacks
- At least two hands-on animal procedures including helicopter time (please note: we have scheduled at least one rhino procedure, although circumstances such as weather and animal location will dictate the sequencing of the procedures)
- Hands-on work with game rangers and wildlife veterinarians, including the use of drones, aerial surveillance, tracking, and Amakhala's K9 and equine anti-poaching units
- A bush walk with game rangers in Amakhala's non-dangerous game area

Your visit to Amakhala will be a truly unique opportunity to go beyond the African safari experience. Over the four days, you will get to experience what it is like to be a wildlife vet, game ranger, and conservationist, but we will also schedule plenty of down time for relaxation and camaraderie.

ALL MEALS WILL BE AT BUSH LODGE
